Capturing Game I

Liberty

The free intersections around a stone that are not occupied by other stones.

Capturing

Placing a stone to make the opponent's stones have no liberties.

Saving

Placing a stone to increase the liberties of your own stones.

1 Capturing Game I - 1 Liberty · 2 Capturing · 3 Saving

Liberty

01 Free intersections that a stone has and not occupied by other stones.

02 Free intersections not connected to a stone are not considered liberties.

03 Count the number of liberties a stone has.

Capturing

01 A white stone has one liberty.

02 If white moves first, it gains more liberties.

03 Place a black stone (Black 1) to capture the white stone by occupying its last liberty.

Saving

01 A black stone has one liberty.

02 If white places a stone (White 1) first, it blocks all liberties of the black stone, capturing it.

03 Place a black stone (Black 1) to save the black stone by increasing its liberties.
